

Policy: 3409BP
Section: 3000 - Students

Head Lice

Ocean Beach School District does not have a "no nit" exclusion policy. Neither the Center for Disease Control nor the American Academy of Pediatrics recommend "no nit" policies.

Exclusion of students for any reason has shown to increase truancy rates and decrease academic performance. Ocean Beach School District's goal is to reduce barriers and keep children in the classroom and involved in all school activities.
