

Student Incentives

The Ocean Beach School District Board of Directors recognizes that providing students with prizes or awards can serve as a meaningful incentive for increasing academic progression, promoting civility, encouraging physical fitness and for encouraging students to become responsible citizens, productive workers and lifelong learners.

The board supports awarding incentives to recognize a student's academic, social, leadership and athletic progression.

All incentives will support individual student progression and the districts' curriculum, programs, academic or attendance goals. Therefore, every student recipient will receive an incentive only if the activity relates to the primary mission and goal of the district to increase student academic progression.

District funds may be used to provide student incentives that meet the board's objective of increasing academic progression.

The superintendent or designee will develop procedures to implement this policy.
