

SALE OF SURPLUS EQUIPMENT AND/OR MATERIALS

The board has the authority to declare equipment, supplies, furniture and other district personal property obsolete and/or surplus. The superintendent shall establish procedures for their sale, trade or disposal except that the board must approve of any sales where:

- A. A single unit item has a current value in excess of \$ 50.00; and/or
- B. Multiple items have a total unit value in excess of \$ 500.00.

Surplus or obsolete books or other reading materials shall be disposed of as follows:

- A. If the reading materials are estimated to have value as reading materials in excess of \$1,000, they shall be sold at public auction to the person submitting the highest reasonable bid following publication of notice of the auction in a newspaper with a general circulation in the district;
- B. If no reasonable bids are submitted or if the reading materials are estimated to have value as reading materials of \$1,000 or less, the district may directly negotiate the sale of the reading materials to a public or private entity; or;
- C. If the reading materials are determined to have no value as reading materials or if no purchaser is found, the reading materials may be recycled, destroyed or donated.

Prior to disposing of any surplus texts, other books, equipment, materials or relocatable facilities, the superintendent shall serve written notice in a newspaper of general circulation in the school district and to any public school district or private school in Washington State annually requesting such notice. All schools on the list shall be notified in writing of the materials and equipment that is available. The material or equipment shall be sold to any interested public or private school at its depreciated cost or fair market value, whichever is greater. Students shall have priority in the purchase of texts. Disposition of such surplus property to parties other than public or private schools may take place thirty days after written notice is served.
